“ I still can't believe she is gone. My prayers go out to Pam's family. I worked with Pam at NHC. She was such a bright light in our lives. She was warm and caring, just an awesome human being. Pam and I would share stories about our kids/grandkids. I would tell her about baseball games, & school. She would tell me about basketball games, trips to GA, & visits from her grandkids. I loved hearing about her grandkids. How smart they were and how much she adored each one of them. Then, there was college football. Go Dawgs! That was for you, Pam. Haha. Pam loved her Gators. Pam, we think about you every single day. You are loved by your work family at NHC. We miss you dearly.

“ I just heard of your passing... my heart aches for all you left behind. Though we never met in person thru our years of working for NHC, you were always so kind and helpful. My deepest condolences and prayers for your family, friends, and work family.

“ As cousins growing up on the same Street in Bethel Village, we spent so much time together. We would pretend we were pop stars and sing into hair brushes. Our summers were filled with softball. The Ponderosa Playmakers! The County Stadium, keeping score and announcing in the tower. Working in the concession stand. Then when you got your baby blue Mustang, and you & your friends Annette and Charmela. You let me tag along with you guys.  
We grew up and had families of our own. You are loved by so many. Always in our hearts.  
Seems fitting that I keep listening to the song we'd sing as pop stars... "the Morning After" by Maureen McGovern.

“ I worked with Pam at Our Hospice of South Central Indiana. She was such a kind, caring person who worked hard and cared deeply about those around her. I count it a privilege to have had the chance to know her. Please know that she is remembered many miles away. Praying that our Lord Jesus Christ will continue to comfort and embrace her dear precious family during this very difficult time.

“ I met Pam at Harrison College. She was always so friendly and kind. Pam had the personality that many don't have. She genuinely cared and wanted to know how you were doing. If she was able to help she would.  
Sending Pam's family and close friends lots of hugs and prayers.
